

## "Christmas Dream" A Happy Show By Mombasa Children

(Contributed)

...At the Indian Girls' School on Wednesday afternoon, the European Government School, assisted by the Parents' Club Kindergarten School, presented "A Christmas Dream."

The hall was gaily decorated with coloured streamers and evergreens and a large Christmas tree, bedecked with silver stars, crackers and exciting looking parcels, was a special attraction on the stage.

The opening scene with carol singers off stage, followed by the delightful fairies, the Pied Piper and children, Snow White and the silver Dwarfs, to the final scene of the first act, Tweedledee and Tweedledum with the ever loved Alice in Wonderland, was thoroughly enjoyed by all.

The "Spick and Span" play, complete with Brownies, fairies, imps and all the delightful fairy book characters, was well acted by these young people and high praise is due to the producer for the excellent standard attained by these small actors. Children and grown-ups alike appreciated the antics of the lazy Brownies and their punishment by the Three Black Imps of the Flip-Flip man.

### Nativity Scene

The final act, a nativity scene, with a lovely Madonna, angels, shepherds, wise men, and all the children of the concert assisting in the carol singing, brought to a close this charmingly enacted concert. A high standard of perfection was exhibited throughout the whole performance and Mombasa parents were justifiably proud of the children. Judging by the happy laughs they too, enjoyed themselves, even though many hours of hard work must have gone into the production of such a well presented play.

Mr. Hilbourne, chairman of the European Government School Committee, thanked Mrs. Flouwright, principal of the European Government School for the excellent afternoon's entertainment and said he regretted that the school was losing her services at the term end. He also thanked Mrs. McCormack, Vice-Pres. of the Government School
