In welcoming you to our Fete today, may we say a few words about the Parents/Teachers' Association objects, to which the proceeds of today's efforts will be devoted.

The Association was formed in November, 1953, to provide a medium for the exchange of views and information of mutual interest to Parents and Teachers, such as the development of the School, the progress of pupils, school news, etc., and to cater for the provision of amenities outside the scope of those provided by the Education Authorities.

Under the first Chairman, Mr. P. E. Webb, the Association has made notable progress towards the realisation of these objects and has taken part in consultations on many important aspects of School life. The first big goal in the second part of our objects—the provision of a Cinematograph Projector for the School has not yet been accomplished but we are hopeful that today's Fete will go along way towards accomplishing that too.

There are no subscriptions to the Association (although voluntary donations are always welcomed) and the real success of the organisation is judged by the interest taken in it by the parents of schoolchildren. If a real interest is taken by the whole of those entitled to do so then the Association can truly be said to represent the views of the parents of schoolchildren. Your

attendance at our meetings, and your support of our efforts to raise funds are therefore of paramount importance to the success of the Association.

In closing, may we say a word of thanks to those who have already done so much to make the Association a success. Mr. Webb, our first Chairman, and Mr. Thompson, Secretary, have done a fine job in the first few months of the life of the Association, ably supported by Miss Foat, the Headmistress, and on the foundations laid by the first Officers and Committee we look forward to building an organisation which will be of real value to the School, its scholars and their parents.
